solutions**

An active range of dermocosmetics to deliver you professional grade solutions for your daily routine...

Dermogenera® contains the latest technology bioactive ingredients alongside potent botanical extracts combining science with nature to achieve optimum results.

A results driven brand produced in an ISO certified laboratory in Rome using innovative biotechnology alongside the natural power of botanical extracts. We create exclusive formulations manufactured in quantities to maintain our quality and to preserve the activity of ingredients. Our advanced skincare system works alongside our programs for targeted treatments to offer maximum benefits for skin health.

Victoria Ammoscato
Fondatrice Dermogenera

In keeping with our philosophy of innovation in skincare science and in order to continue delivering products containing the latest technology that offer exceptional results, our formulations are periodically updated when ingredients are added, therefore please refer to your product packaging for accurate ingredient content.

Dermogenera® is an advanced skin care system 100% Made in Italy, formulated to be as natural as possible, with botanical extracts & essential oils in synergy with bioactive ingredients, peptides, growth factors & vitamins to regenerate and support cell repair.

A compact, easy to follow system that is proven to deliver exceptional results to purify, protect & nourish the skin, with effective core products & concentrated actives that allow you to create individual skincare programs & daily routines that meet the unique needs of any skin and obtain the maximum skin benefits due to the high quality and concentrations of the principle ingredients contained within our formulations.

Our products are of dermocosmetic category with a level of eudermic activity, allowing them to achieve excellent results whilst even the most active ingredients remain skin friendly due to our carefully balanced formulations that avoid causing irritation.

Our formulations are cruelty free & free from:

- Harmful additives or animal derivatives
- Mineral oils & paraffin derivatives
- Synthetic perfumes or colourants
- Parabens, silicones & formaldehyde releasers

As a brand we are dedicated to delivering the best to our clients, we produce with passion for the science of skin care, with respect for the skin & with consideration for environmental sustainability. As a family owned independent business we offer a unique approach within the world of advanced cosmetics.

formulated to optimise your skin health

GENTLE CLEANSE ✓ All skin types, even sensitive or damaged

Soothing daily gel cleansing wash delicate enough for the most sensitive or damaged skins & pH suitable for the eye area. Removes impurities whilst protecting the skins barrier and supporting repair with its soothing plant extracts and blend of essential oils Chamomile, Lavender & Calendula. Skin is left refreshed and toned.

EXFOLIATE CLEANSE

✓ Oily, congested & mature skins

Purifying AHA/BHA gel cleanser with Salicylic & Glycolic acids stimulates cell renewal whilst offering clarifying effect. Ideal for acneic, oily, congested or ageing skin concerns, it removes impurities, balancing sebum whilst fighting pigmentation issues and increasing cellular turnover. Revealing a brighter & clearer complexion.

DUAL ACTION CLEANSE

✓ All skin types

Unfragranced cleansing gel & make up remover to effectively remove impurities from the skin with a pHbalanced that respects the lipid barrier for daily cleansing. With Rosewater, extracts of Cucumber & Calendula it leaves the skin feeling clear & refreshed. Suitable for all skin types.

cleansing

FACIAL CLOTH SET ✓ All skin types

As a brand we believe that rinse off cleansers that do not disrupt the skin barrier are the best option for effectively removing excess sebum, dirt and make up. Daily cleansing without stripping of natural lipid and causing damage is essential for a healthy skin.

Our supersoft muslin facial cloths easy to maintain and keep clean with a convenient drying hook, they enhance the potential of our cleansers improving the daily ritual of cleansing ensuring skin is left perfectly clean and refreshed.

Made from multi layered high quality cotton gauze, they do not cause damage to even the most delicate of skins & remove all traces of cleansing product leaving skin feeling refreshed and revitalised.

HYDRATE CLEANSE

✓ Dry, dehydrated, sensitive & mature skins

Rich nourishing hydrating cream cleanser formulated with Rose hydrolat, Mallow, Panthenol, Vitamin C & Calendula that offers effective cleansing without stripping the skins natural barrier. Removes impurities without drying out or irritation. Rich in natural plant oils & extracts to balance skin strength offering comfort for dry, mature & sensitive skin types.

exfoliants

BOTANICAL AHA GEL ✓ Normal, Oily or Combination skins & photodamage
Exfoliating gel mask with Hyaluronic Acid, Mallow, Aloe and 12% Lactic Acid, Mandelic Acid & Citric Acid. promotes even skin tone and clear complexion. Alpha hydroxy acids remove dead skin cells, tighten & promotes a natural firmness of the skin. Ideal to counteract signs of aging, helps clear problematic skin by rebalancing the production of sebum with stimulating & deep purifying effect.

COMBINATION AHA MASK

✓ Dry skin, signs of ageing & photodamage

Regenerating radiance treatment mask for a quick and effective anti-aging treatment, for visible results in a short time with Lactic, Glycolic and Mandelic Acid. Increases hydration levels and stimulates faster cell turnover for younger, brighter more radiant skin. Ideal for skin ageing concerns & dry or dehydrated skin types.

MICRO GOMMAGE ✓ Dry skin, signs of ageing

Micro exfoliating facial cleanser to reveal brighter, smoother more radiant skin. Double refining action with Lactic Acid alongside 100% biodegradeable plant derived microspheres. Hyaluronic Acid & extracts of Aloe Vera & Mallow offer natural hydrating properties. A delicate natural fragrance is created by Sweet Orange essential oil, rich in benefits for the skin with an enveloping fresh scent.

phytoactive skin care

moisturising

REPLENISH BALANCE HYDRATE

- ✓ All skin types except very dry
- ✓ Suitable for oily & acne prone

Daily moisturising cream with Hyaluronic Acid, Argan Oil & Helichrysum Extract to provide essential antioxidant & lipid protection against moisture loss to prevent premature skin ageing. A lightweight formula with a delicate texture suitable for most skin types that leaves the skin feeling smooth & revitalised, it's mild fragrance is created naturally from the blend of essential oils Frankincense & Lavender that provide additional skin benefits.

REPLENISH RESTORE CREAM

- ✓ All skin types
- ✓ Suitable for oily & acne prone

Hydration boosting nutrient cream with the presence of Niacinamide, Zinc Oxide & Zinc PCA, Aloe Vera, Calendula extract, Vitamin E and Hyaluronic Acid to offer intense comfort and protection for a regenerated skin by soothing, preventing loss of moisture, supporting and aiding the function of the epidermal barrier.

VITAMIN CREAM AGE DEFENCE

- ✓ Signs of ageing
- ✓ Dullness
- ✓ Normal & dry skins

Vitamin rich age defence moisturising cream with Hyaluronic Acid, Ceramides & Vitamins A, C & E. It offers the skin daily active protection against moisture loss & free radical damage with a high concentration of antioxidants & ingredients that can fight against visible signs of ageing & help prevent skin damage. The rich nourishing texture leaves skin with a renewed radiance, it is especially suited to dry, stressed or mature skins that are dull & lacking in vitality.

naturally soothing skin repair

discover our 2 best selling skin saving products with 100% botanical ingredients

REPLENISH OIL ✓ All skin types, even oily, combination & prone to breakout
Nourishing antioxidant rich oil with plant oils, Rosehip, Sunflower Seed, Sweet Almond, Argan & Jojoba, to restore essential lipid balance & offer protection from external agents. Essential oils Lavender, Chamomile & Frankincense offer a calming, regenerative effect on both the skin & the senses.

With a light skin reviving texture that is easily absorbed and non pore clogging ingredients it leaves skin smooth & protected with a healthy glow.

REPLENISH BALM ✓ Sensitised skin

Replenish Balm contains 100% natural source ingredients. Rich & nourishing, it is ideal for soothing dry damaged skins for daily use, or for all skin types if needing extra protection to aid the barrier repair. It contains organic beeswax with the delicate blend of essential oils Lavender, Calendula and Chamomile, bringing immediate relief to dry, chapped skin or lips. It is delicate enough to be used for the whole family.

physical UV block + antioxidant

MINERAL SPF COVER ✓ All skin types, even with sensitivity.

UV rays are the main cause for skin damage and the early appearance of wrinkles, hyperpigmentation, blemishes and the loss of collagen and elastin. To protect the skin it is essential to use sunscreen daily.

100% mineral physical UVA/UVB Protection with Zinc Oxide, Titanium Dioxide (non nano) & Oryzanol a skin conditioning ingredient. Contains natural antioxidants Pomegranate extract, Vitamins C, E & skin soothing Bisabolol. It offers high spectrum protection against skin damaging UV rays.

Clinically tested & certified:

- ✓ Determination of the sun protection factor SPF (applying the International Sun Protection Factor test method)
- ✓ Test for verification of UVA protection: obtained with an in vitro method according to COLIPA guidelines.
- ✓ Test to verify compliance of the critical wavelength.

✓ **PATCH TEST**

(in vitro test)

✓ **CHALLENGE TEST**

(product shelf life test)

Hydration Boost for all skin types

Replenishes the skin leaving it deeply hydrated & smoothed. The result is a radiant, glowing complexion, with reduced fine lines & wrinkles.
